XR4ED in a Nutshell

Our target

XR Developers
Social innovators
Scientific community
Educational community
Young professionals
Business community

The project

XR4ED brings together the EdTech and XR communities to establish an European reference platform on learning and training with XR that will provide a central access point to existing solutions and contribute to a leading position for Europe in cutting-edge technologies for education.

The consortium

11 partners from 8 European Countries
The XR4ED Consortium consists of a complementary team comprising 8 SMEs, 1 industry, 1 Research institute and 1 University

Our innovation

XR4ED brings together the EdTech and XR communities to establish an European reference platform on learning and training with XR that will provide a central access point to existing solutions and contribute to a leading position for Europe in cutting-edge technologies for education.
